PROFILE / 01

I design expressive interfaces and build them with production-grade code - finding the useful path between systems, stories, and curiosity. My practice connects product thinking, visual systems, accessible interaction, and careful frontend engineering.

EXPERIENCE / 02

- 2025 - NOW

Independent Studio

Creative Developer

Design systems, product interfaces, and expressive production builds.
- 2023 - 2025

Product Team

Frontend Engineer

Shipped clear, resilient tools used by people across time zones.
- 2021 - 2023

Digital Practice

Designer / Developer

Connected brand, interaction, and production code into cohesive systems.

EDUCATION / 03

- 2020 - 2024

Computer Science

B.Sc. / Software Systems

Human-computer interaction, software systems, and the web.

CAPABILITIES / 04

- TYPESCRIPT

REACT
- NEXT.JS

NODE.JS
- DESIGN SYSTEMS

MOTION
- FIGMA

ACCESSIBILITY
- PRODUCT THINKING
- CREATIVE CODE

SELECTED WORK / 05

- SIGNAL / 01

PRODUCT INTELLIGENCE

Turns noisy live metrics into useful decisions.
- ATLAS / 02

TRAVEL MEMORY SYSTEM

Collects routes, notes, places, and discoveries.
- FORMA / 03

INTERFACE LANGUAGE

Gives multiple products one recognizable voice.
